Sanitary sight glass

Sri Pumps produce sanitary sight glass, which used for food, pharmacy, chemical industry and biology area, the body is forged from round steel, and machined by CNC machines.

Technical parameters

Size	1" - 4" DN10 - DN100 17.2 - 114.3
Body Material	304 304L 316 316L
Seal Material	PTFE EPDM NBR SI FPM
Working Pressure	0 - 10bar
Working Temperature	-10-+150° C
Connection standard	DIN SMS 3A ISO RJT IDF DS
Way of Connection	Theard end, Weld end, Clamp end

Ordering specifications
